Tel.: +420 235 010 400
email: Info-CEE@SMA-Solar.com
Internet: www.SMA-Solar.com

I confirm that our company SMA Solar Technology AG has been in cooperation with FILKAB JSC since 2010, during which time they have proved to be a reliable business partner. We have established very good connections with them and they have become the local producer of MV Transformer Stations and Complete MV Inverter Stations with SMA central inverters that are being sold in Bulgaria, Romania and Ukraine.

FILKAB JSC has always performed their obligations reliably, in full and on time and their staff has always shown competent, professional and efficient approach to work.

Therefore, I can confidently recommend FILKAB JSC as a solid and reliable partner and expert in their field.

I would be happy to provide further information, if required.

Yours faithfully
